

SPANIARDS MUST YIELD OR FIGHT

THEY MUST ACCEPT AMERICAN TERMS AT ONCE.

If They Refuse to Do So Hostilities Will Be Resumed—Operations to be Chiefly Confined to the Philippines—Tuesday Next Will Decide the Issue.

Paris, Nov. 4.—[Special]—If Spain's commissioners do not yield to the American demands as to the Philippines today, the negotiations will be broken off. This is the ultimatum sent to Madrid by direction of the Washington government. If the Spanish refuse to yield, military and naval operations against them will be resumed at once, the theater of operations being confined chiefly to the Philippine and Caroline islands, although immediate steps will also be taken for the occupation of Havana.

Paris, Nov. 4.—[Special]—The joint peace commission sat two hours today, and adjourned until Tuesday. The Spanish commissioners submitted their reply to the American proposals in regard to the Philippines, which was that the terms are entirely outside the scope of the protocol, and therefore inadmissible. The American commission asked for time to consider a reply, hence the adjournment.

DECEPTIVE CIRCULARS USED BY DEMOCRATS.

The Desperate Condition of The Campaigners is Shown by The Fact That Base Misrepresentations Are Depended Upon.

To Voters of Rock County:

Some designing person with intent to mislead the people, has distributed over the county, a circular purporting to be a statement of the taxes levied by republican and democratic administrations, and which is intended to show that taxes have increased during republican administration.

This circular fails entirely to show in what respect or for what purpose money has been expended that was not necessarily and properly used in conducting the affairs of the state government. It charges extravagance, but fails to point a single instance where money has been appropriated wrongfully or unnecessarily.

The circular above referred to, fails to note the fact that the first year of the democratic administration, the state taxes in Rock county were nearly \$8,000 more than they were in the year 1890, the last year of the republican administration. It is a fact that when the democratic party went into power in this state, the state treasury was turned over to the democratic state treasurer with a balance on hand sufficient to meet the running expenses of the state government; with sufficient money on hand to meet the expenses incurred at the session of the legislature of 1891; sufficient to pay the salaries which came due on the 1st of January 1891, and with sufficient money to meet every obligation maturing at that time.

On the other hand, when the treasury was turned over to the republican administration in 1895, the general fund in the treasury was overdrawn, there were accounts outstanding and due which had been contracted by the democratic administration to the amount of \$138,000. There was no money on hand to pay salaries no money on hand to meet the expenses of the legislative session of 1895, which expense is always at least \$150,000. They had simply spent all the money which the state had on hand and had left the payment of the indebtedness of that administration to be taken care of by the succeeding administration of Governor Upham. They had even refurbished the senate and assembly chambers at Madison, the bills for which had to be met by the republican administration.

These facts show that the reason why state taxes were higher during the late republican administration, is because that administration was obliged to take care of the deficit of their democratic predecessors. Let

them deny it if they can.

Another item that the last administration has had to take care of, was in relation to the practice of the preceding administrations with reference to the license fees due from railroad companies. It had been the practice of previous administrations, to request of the railroad companies an advancement upon the license fees due the state, and in consequence, these companies had been advancing moneys to the state as an accommodation to the state government. From year to year, the amount so advanced, had increased, until the total reached the sum of \$800,000. Gov. Scofield wisely concluded, that this was a vicious practice and resolved to put an end to it. Therefore, in 1897, the state tax levied was made sufficiently large to cover these advancements and to place the state in a position where it would not be obliged to ask favors of any corporation whatever. This of course, made state taxes proportionately higher in 1897. The state tax for 1898 however, after these matters were taken care of, shows a decrease over the previous year of over \$16,000.00 in Rock county alone.

The circular above referred to contains a tabulated statement of taxes in the town of LaPrairie, but fails to state that the same includes county and town taxes as well as state. Now, in LaPrairie as well as in some other towns, the levy of a large amount of money was necessarily made to repair damage to highways caused by repeated floods. If the authors of this circular intend to be fair, why do they not separate the items of taxes so as to show which are state and which are local taxes.

It must be remembered also, that during the past two or three years, new state institutions have been built, a state reformatory, designed to separate the youthful criminal from the more hardened vicious ones, has been built at Green Bay. A home for the feeble minded, of which class there are in this state, alone, about three thousand members, has been built at Chippewa Falls. A normal school has been built at River Falls to replace the one destroyed by fire. New buildings have been built at Waukesha to replace those destroyed at that point by fire. Other necessary improvements have been made among other state institutions, and all of these improvements cost money, and no one who understands the necessity existing for these several insti-

tutions would for a moment begrudge payment of his share thereof.

We challenge our democratic friends to furnish a single instance of wastefulness or extravagant expenditure of the people's money by this administration. They, on the other hand, seem to overlook or at least to try to forget the notorious "Roster case." They ignore the fact that \$10,000 of the people's money was sent from Madison to a bank in Rock county, in order that it might be loaned out the same day, to a democratic newspaper organized and conducted solely in the interest of the democratic administration.

They ignore the fact that the same democratic administration made the notorious "Roster Contract" by means of which it was proposed to filch thousands of dollars additional from the state treasury. The memory of these events is too fresh in the minds of the public, to make it probable that the people of this state will again entrust the affairs of government to that party.

They rail about the "ring" but when was there in the history of republican politics, the spectacle of the chairman of the republican central committee absolutely dominating the legislature? It is a well known fact that during the sessions of 1891 and 1893 the chairman of the democratic state central committee occupied a seat upon the floor, and that not a measure of importance was passed, unless it first received his approval. And yet the democratic party talks about "ring."

Coming down to county politics, they see fit to attack the republican candidates for sheriff and register of deeds. These gentlemen, as well as the other candidates upon the county ticket need no words of commendation nor of praise. They have made their record, and it is well known among men. As to Mr. Appleby, it can be said without fear of successful contradiction, that no better sheriff than he was ever elected to that office in Rock county. He is a man who brings to the discharge of the duties of that place, the experience of years in dealing with the criminal classes; who is upright and absolutely fearless in the discharge of such duties, and who will, in the two years to come, fill the office, with honor to himself, and with satisfaction to the people of this county.

It is charged, in the circular referred to, that if the register of deeds were put upon a salary, it

would result in a saving to the taxpayers, of about \$3,000 per year. In reply to this we simply say, that the register's office does not cost the taxpayers one penny at the present time, therefore it is difficult to see how the tax-payers would save \$3,000. Out of the gross receipts of the office, the register of deeds himself pays for all clerk hire and other incidental expenses. Now if, in addition to this sum, the county pays the register of deeds, a salary of \$2000 a year, can anybody see how any saving is to result to the county?

Another thing, there is no law, authorizing the fixing of a salary for that office. And so far as the salary question is concerned, there is absolutely no way at present, of placing that office upon salary.

As to the incumbent of that office, Mr. Rowe has for the four years conducted his duties, with such thorough ability and such satisfaction to the people of the county, that it can hardly be presumed that the voters are prepared to displace him, and install in his place a man with absolutely no experience in business of that kind, and lacking in aptitude and training for the position.

We mention these two candidates particularly, because they are apparently singled out for attack in this circular, but we may say as to all the candidates upon the county ticket that they are men of peculiar fitness for the respective positions and are well deserving of the votes of all republicans.

In concluding this brief address, we urge upon you that you do not fail to appreciate the importance of this election, both upon state and national issues; that it is in the nature of a vote of confidence or lack of confidence in the national administration. We hope that you will esteem it not only a duty, but a privilege, on election day, to vote the straight republican ticket, and thereby evince your faith in the good old doctrine of "Protection and Sound Money." Let the news be sent to President McKinley at Washington, that the people are with him; that they appreciate his labors for the nation, arduous and unremitting as they have been; that the people are with him in his financial policy as well as in his war measures.

Enlist your friends in the work and see to it on election day that the full republican vote of your district is called out. If the vote be gotten out, there is no doubt whatever, as to the result.

ARE PROSPECTS OF BIG VOTE TUESDAY

REPUBLICANS IN THE STATE THOROUGHLY AROUSED.

Great Demand For Republican Speakers—Belief That the Republican Plurality Will be a Decisive One—Judge Sawyer Explains His Incongruous Position.

Milwaukee, Nov. 4.—The republican state central committee is deluged with requests for speakers for the closing nights of the campaign. Some of the applicants, Chairman Treat says, are urgently insistent on their requests being acceded to. The demand is taken as a most encouraging sign, in that it shows that the people are waking up to the issues of the campaign. It is consequently held that the republican plurality on the state ticket will be a decisive one.

Judge Sawyer, the democratic nominee for governor, has given out a letter written in response to an invitation to speak at a political meeting at Madison last night. In his letter Judge Sawyer says that in his judgment the present contest is not so much on party lines as between two distinct classes, "the moneyed champions of corporate powers and the devoted disciples of popular rights." Much of the letter is made up of comparisons of republican and democratic comparisons, the attempt being made to show the latter to advantage.

CHARLIE GARDNER COMING

Brings An Excellent Comedy Company to Janesville Next Week

The critics in unison have declared Chas. A. Gardner's Comedy Company to be the most interesting, up-to-date, novel entertainment Mr. Gardner has ever presented to the public. The performance is interpreted by a capable company of singers and comedians; it is a pronounced success. Mr. Gardner's new Tyrolean sketch, introduced during the evening, is superbly mounted and the picturesqueness of the scenes are accentuated by the fetching costumes worn by the various members of the company. Mr. Gardner will sing the songs for which he has be-

come so justly famous. His latest song, "The Little Old Red Schoolhouse" is a gem, and will most assuredly take the place of the popular songs written at the present time. He will also sing "The German Milk Girl" which is an artistic piece of character work; also "Sweet Clover and Old Glory, the Blue and the Gray." Mr. Gardner's Comedy company is what the public demands, and their side-splitting cake walk never fails to send the audience home in the best of humor. The company will be seen at the opera house next Tuesday evening.

AN OPERATION AVOIDED.

Mrs. Rosa Gaum Writes to Mrs. Pinkham About It. She Says:

DEAR MRS. PINKHAM:—I take pleasure in writing you a few lines to inform you of the good your Vegetable Compound has done me. I cannot thank you enough for what your medicine has done for me; it has, indeed, helped me wonderfully. For years I was troubled with an ovarian tumor, each year growing worse, until at last I was compelled to consult with a physician. He said nothing could be done for me but to go under an operation.

In speaking with a friend of mine about it, she recommended Lydia E. Pinkham's Vegetable Compound, saying she knew it would cure me. I then sent for your medicine, and after taking three bottles of it, the tumor disappeared. Oh! you do not know how much good your medicine has done me. I shall recommend it to all suffering women.—Mrs. ROSA GAUM, 720 Wall St., Los Angeles, Cal.

The great and unvarying success of Lydia E. Pinkham's Vegetable Compound in relieving every derangement of the female organs, demonstrates it to be the modern safeguard of woman's happiness and bodily strength. More than a million women have been benefited by it.

Every woman who needs advice about her health is invited to write to Mrs. Pinkham, at Lynn, Mass.

A concert will be given by a trio of blind artists at Lawton's hall on Friday evening, November 11th. The program will consist of vocal and instrumental music and recitations. Admission 10 and 15 cents. Janesville's morning daily has this to say in a recent issue: "Word comes from Afton that Candidate Wheeler's meeting down there was a rank fizzle." Well, we can leave the reader to infer whether the meeting was a "fizzle" or not, by stating that Candidate Wheeler's hot shot was too much for ex Postmaster Williams, who beat a retreat before the meeting closed. Democrats and republicans alike state that Assemblyman Wheeler's speech was one of the most forcible and eloquent ever heard from his lips. Mr. and Mrs. Albert Nehls are rejoicing over the arrival of a little daughter at their home. Painter Coleman and his men resumed work on the Baptist church last Thursday, and the edifice will present a handsome appearance when they are through. Mrs. David Throne will spend a few days visiting with relatives at Cherry Valley, Ill. Mrs. Vienna P. Waite was up from Woodstock, Ill., to spend Sunday with her parents. She returned Monday.

Ole Hanson, of La Prairie township, died at the home of his father on Saturday evening, Oct. 30. Mr. Hanson has been in poor health for the past ten years. He was well and favorably known in the community. The funeral services were conducted by Rev. C. W. Dennis, of the Congregational church of Emerald Grove. Peter Beggs has sold the Willis Austin farm in the town of Janesville for \$80 per acre. Miss Gertrude Nichols is home from Dakota. M. Ford is to work the Wixom farm, now occupied by A. Boehl, the coming summer. Thomas Cassidy has rented the Gilbertson farm. This looks suspicious. A little girl of Will Barrett's is very sick of stomach trouble. The snow storm last week was the most severe known for this time of the year. Snow drifted so deep in some places that milk loads got stuck and had to be shoveled out. The fine weather now is being appreciated and farmers are busy getting their corn husked.

GAVE AN ORDINARY SHOW

Oliver Scott's Minstrels Were Hardly Up to the Mark.

It was again demonstrated last night at the Myers opera house that a negro's forte is not the delineation of negro character. While Oliver Scott's colored minstrels had many excellencies they failed to show an adequate conception of negro character, dialect or action. Except that their faces were black they showed no evidence of their racial peculiarities.

As a variety performance, leaving the negro out of the question, the show was quite acceptable. Some of the specialties were admirably done. There were few good solo voices, but the chorus was strong and well balanced. The comedians were weak and their gags nearly all had their run in the days before the deluge. Yet the audience—and it was a large one—was well pleased. There is nothing on earth that a Janesville audience dotes upon as a negro minstrel show. A dramatic attraction of the highest order of merit goes a begging here, but a nigger minstrel show, be it ever so "rotten," is sure of a packed house.

STAGG'S MEN ARE ALL PROFESSIONALS

INVESTIGATION SHOWS A BAD ORDER OF THINGS.

Nearly Every Member of the Eleven Has Played For Money Stakes—Wisconsin Council Will Call Attention to the Records and Ask Fair Play

Madison, Wis., Nov. 4.—One more of Stagg's accredited players on the Chicago university football team has been protested by the athletic council of Wisconsin university. The council held a meeting yesterday afternoon and considered two or three different cases, and as one result Dean Birge was directed to write to Stagg, making formal objection to J. C. Ewing, as member of the Chicago university team, on the ground that he has been guilty of professionalism.

Ewing is the man who was to have taken Gordon Clarke's place at half back. What the definite charges are against Ewing Dr. Birge declines to tell until they have been laid before the Chicago officials, but it is learned from another source that the allegation is that Ewing played professional baseball at Farmerville, Ill. It is further said that three receipts which Ewing signed for money received for playing ball are in possession of the Wisconsin council.

The council also considered the case of Burnett but decided not to enter formal protest, though the Chicago officials will be asked whether in their judgment he is eligible. Kanella, it is said, will not be mentioned in the letter. One man sufficiently on the letter to obtain the facts says that Burnett's case is believed to be really worse than the others, but that actual proofs are lacking. It is the general belief at Wisconsin that the majority of the men on the Chicago team are professionals, if facts could be learned.

The council also considered the case of Holmes, the Wisconsin tackle, though Dr. Birge says no formal protest has been received from Chicago concerning him. According to report, Holmes took part in a wrestling match or exhibition in Minnesota, but it is said Holmes has affidavits that he received no pay for the match beyond his actual expenses. The Wisconsin team took hard practice at straight football this afternoon. Anderson was in O'Dea's place at full back, but hurt his ankle and was succeeded by Driver. The team did good work against a strong team of scrubs.

Sickness Is Not Natural.

Sickness is an unnatural condition, and that is why nature forever stands ready to assist science in eradicating disease. The sufferer from nervous depression, from debility, loss of vitality and power caused by excesses, ignorance or foolishness, and who is frequently a prey to gloom and despair should therefore take courage: when he seeks the aid of skill to help him, nature also will do her best for him. Dr. Greene, 148 State Street, Chicago, Ill., the great specialist and most successful of all physicians in curing disease, will let you have the benefit of his skill, free of expense. He will give you advice by mail, free of cost. Now here is a rare chance for the sick.

LAST NIGHT'S HAPPENINGS

Odd Fellows Gave Second of Series of Dancing Parties.

The second of a series of dancing parties by Wisconsin Lodge No. 14, independent Order Odd Fellows, took place at Odd Fellows' East Side hall last night. Smith's orchestra furnished the music and a good time was had by all.

The sacred concert given by the American Volunteers at the Y. M. C. A. auditorium last evening was "liberally patronized" and the program as announced in the Gazette of yesterday was carried out to the satisfaction of all.

The bargain seekers should not miss the dainty luncheons served in the dining rooms The Mrs. Clark Co., 151-153 Wabash ave., Chicago. The establishment has recently been refitted, improved and enlarged. It caters to the best—not only in patronage but in the quality of the food, and in the service. Everything is home-like.

Crowds, Crowds, Crowds

Filled the store to its utmost capacity today. The people of Janesville know a good thing when they see it. It proves to you where the bargains can be found. It has been our motto never to be undersold. This coupled together with the grand offer of a pair of rubbers free for every pair of shoes aroused the people to such an extent that the store was crowded all day. You will have another chance tomorrow; rubbers free for every pair that you buy. Can you resist? F. L. Quatsoe, Advertiser of facts.

What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and kidneys strong and active. Burdock Blood Bitters does it.

Diphtheria relieved in twenty minutes. Almost miraculous. Dr. Thomas' electric Oil. At any drug store. "Little Colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big colds too, down to the very verge of consumption.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

Stop that cough. Take warning. It may lead to consumption. A 25c bottle of Shiloh's cure may save your life. For sale by People's Drug Co.

THE ORDER IS SOLVENT

Royal Arcanum Pays the Insurance on Judge Phelps' Life.

The following correspondence explains itself: Janesville, Wis., Nov. 3, 1898.—We hereby gratefully acknowledge the payment of a draft for \$3,000 by Treasurer Dr. E. E. Loomis, of Badger Council No. 223, Royal Arcanum, on the policy of our late son, Judge M. M. Phelps, being payment in full by this order, of which he had been a member for a number of years.

MR. AND MRS. ABRAM PHELPS. The above has been given publication to prove the falsity of a rumor that has been freely circulated of late by irresponsible persons, that the Royal Arcanum has ceased to have an existence. It today is the strongest beneficiary order in the United States; has always paid every death loss, for the full amount of the policies. Since the organization of Badger council No. 223, to the present time between \$30,000 and \$40,000 has been paid on the life of deceased members in the city of Janesville alone. The above free acknowledgment of gratitude from Mr. and Mrs. Abram Phelps is positive evidence that it is alive and doing business on a solid honest foundation. E. E. LOOMIS, Treas.

From New Zealand

Reefton, New Zealand, Nov. 23, 1896. I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes of the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

STAND BY THE PRESIDENT

William McKinley, President and Commander-in-Chief of the Army and Navy of the United States, represents today honest money and the credit, prosperity and progress of the country as much and more than he did in the memorable campaign of 1896.

Stand by the president in every state in the Union! Vote for men who will vote to sustain him! Vote for republican candidates for congress, and for republican members of legislatures that will elect United States senators! Vote for every candidate identified with the president's party!—N. Y. Sun.

POINTING WITH PRIDE.

The Chicago Inter Ocean points with pride to our fulfillment of the promise of tariff reform. "With a return to protection," say The Inter Ocean "there has come a change in the balance of trade. Under Cleveland we were shipping millions of gold to Europe in exchange for goods bought from foreigners. Under McKinley Europe is shipping millions of gold to us in exchange for our products and manufactures. We point with pride to the revival of trade, the increased demand for labor, the advance of wages, the improved condition of the agricultural class that we predicted as a result of return to republican policies. The coming winter will make no call for free soup houses for the hundreds of thousands of unemployed."

Republicans glory in this record, and are proud of their grand old party. And on Tuesday, November 8, they will again declare their allegiance to their principles by voting a straight ticket.

Perfection has never been attained and never will be. The honest efforts of honest men are all that can be expected or required. The republican party never had anything to be ashamed of, but on the contrary its record is one long story of brilliant success while in charge of the government.

Believers in honest money should rally to the support of the republican nominees for the legislature. If the democratic nominees should be elected, they would vote for a free silver Bryanite for United States senator.

Congressman Cooper is a personal friend and ardent supporter of President McKinley, and the best interests of the First district will be served by reelecting him by an increased majority.

Tuesday, Nov. 8, is election day. There isn't much time left for election eering, but the republicans of Rock county are leaving no stone unturned to insure the success of their party.

The roster gang are all Bryanites now and are hustling to get into power again. The republicans know them however, and will put up the bars on Nov. 8.

The democrats are campaigning the county as of old, but the republicans are onto their game, having had "previous experiences" in this direction.

There are no skeletons in the republican closets. The roster jobs and all transactions of that character were democratic schemes.

Every republican should turn out and vote on Tuesday, and see that his friends do likewise.

A vote for the republican ticket this fall is a vote for President McKinley's administration.

PROMISES MUCH FOR REFORMATION

INMATES OF GREEN BAY PRISON ARE AT WORK.

They Will Assist in the Completion of the Buildings—Plans Formulated For Keeping Them at Work and Teaching Them Useful Occupations As Well.

Green Bay, Nov. 4.—There are twenty-five inmates of the new state reformatory here. They are located temporarily in a building that will be used later for a power house and coal house. Two of them have been transferred from Waupun, and three have been committed here directly from the courts. The idea of the board in beginning operations at the present time was mainly to enable Superintendent Heg to train the officers so that they may be efficient as soon as the cell room is finished. At present the men are kept in what might be called wooden cages. It is expected to get into the new cell room in December.

The men are employed mainly in the work of construction, putting in sewer pipes, laying water mains and in clearing up the grounds. In addition to the industrial work there is a school of instruction two hours a day, military drill for about an hour. Industrial training is to be introduced. Supt. Heg has under way a tailor shop, a cabinet shop, besides having certain of the men apprenticed to the engineer, and to the cook, and to the repair carpenter, whereby they are learning in a scientific and practical way, good trades.

District Attorney Has Made An Unusually Good Officer

District Attorney W. A. Jackson has made a splendid record and public service demands his re-election. He has performed his work faithfully and without fear or favor. Every man against whom a citizen has sworn out a warrant has been prosecuted. The records show that Mr. Jackson has sent more evil doers to Waupun than any other man who ever held the office. The office of district attorney is an important one to the tax payers as he is not only the public prosecutor, but also the legal advisor of the other county officers and the county board. Mr. Jackson has filled the bill to the satisfaction of all and should be retained in the service. No charge, either personal or official, can be brought against Mr. Jackson, for, as above stated, his record is above reproach.

MR. MYLREA SPEAKS ABOUT THE RECORDS

TELLS FACTS ABOUT THE PAST
WORTHY OF ATTENTION.

The Attorney General is Making Some Telling Speeches—He Proves the Incompetency of the Democratic Party—Its History is One of Inefficiency.

In the speeches he is making throughout the northern part of the state, Attorney General Mylrea is furnishing some of the best campaign material that has been used for the benefit of the republican ticket. Mr. Mylrea has taken the trouble to make comparisons between the work of the last democratic administration and Gov. Scofield's administration, and the showing is very interesting.

Beginning with the insurance department, Mr. Mylrea shows that in comparison with Commissioner Fricke's work the democratic commissioner did nothing. Dr. Fricke collected so much money from the insurance companies that, as Mr. Mylrea says, the state could afford to pay the president's salary of \$50,000 a year for four years out of the amount and then would have enough money left to pay the commissioner's salary for a year. The commissioner collected in back taxes the sum of \$203,355.31, while so far as anybody knows the democratic commissioner did not collect a cent. During his predecessor's term twenty-nine companies licensed to do business in this state failed, but not a single company licensed by Dr. Fricke failed, while fourteen companies to whom he denied a license went into the hands of receivers.

School Fund Loans.

Mr. Mylrea shows how the democrats discriminated in the matter of school fund loans, to the detriment of the northern counties particularly. Now the rate of interest is uniform, but the democrats showed favoritism and made the interest for some counties less than others. Clark, Maanthon and Oconto counties, for instance, were charged 6 per cent., while Vilas county, named after Senator Vilas, got funds at 5 per cent., and a township named after President Cleveland got them for 4 per cent. Mr. Mylrea has compiled tables showing the democratic manipulation of the funds, and they are interesting.

On the work of the land department Mr. Mylrea also gives some interesting figures. He shows that if the swamp land grant of 1850 had been properly conserved the state would have had a fund from it amounting to so many dollars that the interest would have supported the state institutions and paid the state taxes for all time. This would have been the case if the swamp lands had always been as carefully looked after as they have been during Gov. Scofield's administration. During the Peck administration the department secured grants for the large amount of forty acres, while during this administration grants of 7,294 acres have been obtained.

Missing Funds.

The democratic administration likewise managed to collect about \$2,000 for trespass upon the state lands, while under this administration over \$22,000 has been collected by the department and suits are pending which will increase the amount very largely. As an instance of the carelessness of the department a case is cited which grew out of a sale of Indian pine in Shawano county by the United States government. The logs were sold for \$13.25 and the department immediately began suit to recover their value. The government made an investigation, found that the lands from which the logs were cut belonged to the school fund, and the land department at Washington will have to pay that amount, minus the cost of cutting, to the state.

Touching upon the famous express and sleeping car vetoes, Mr. Mylrea, shows that the attention of the Peck administration was called to the failure of those companies to pay taxes, by the report of the republican commissioner, Alty Peterson, who went out of office when the Peck administration came in. Bills were prepared to correct the matter, but the democratic legislature promptly killed them and killed every measure calculated to make the railroad and other corporations pay a more equitable proportion of the taxes. In that connection Mr. Mylrea calls attention to the republican record on corporations and shows how his office broke up the undertakers and grocers trusts in Milwaukee under the provisions of the anti-trust law passed by the republican legislature.

Republican Reforms.

Speaking of the secretary of state's office Mr. Mylrea says that soon after republican administration went into power, Col. Casson called his attention to the fact that democratic officials had been in the habit of charging the state for mileage they had traveled on passes, and wanted to know if there was not a statute against such a practice. Mr. Mylrea could not find such a law and a bill was at once prepared for the legislature forbidding any official to charge for mileage traveled on a pass. The legislature passed the act and a big saving to the state was effected. It is estimated that the traveling done by the officials on passes would cost \$30,000 a year if the same had to pay for it.

Mr. Mylrea calls attention to the masterly way in which Gov. Scofield mobilized the National guard on the call for troops, and the amount of pains he has taken to care for the Wisconsin soldiers, and speaking of Gov. Scofield personally he says:

"Not a man who has stood alongside of Gov. Scofield in public has any apologies to make for anything that the executive has ever done. I mean no dis-

respect to any public officials in the state of Wisconsin or anywhere else, but I am ready to say tonight that in all my experience in public affairs and dealings with men, that I have never associated with any that had any higher conception of honesty and integrity than Gov. Scofield. He always did exactly what was right as near as he knew regardless of political favor or anything else."

MR. BOSTWICK SUES LIFE INSURANCE CO.

CLAIMS AGENT MISREPRESENTED
KIND OF POLICY.

Geo. S. Parker and Rev. Arthur H. Barrington Are Interested as Plaintiffs in the Action—Will Probably be Tried at Coming Term of Court.

Joseph M. Bostwick, George S. Parker and Rev. Arthur H. Barrington of this city, have brought suit for the recovery of life insurance money in the entitled action of Joseph M. Bostwick vs. the New York Mutual Life Insurance company, of New York City.

The action is brought on the grounds of misrepresentation of facts as to the kind of policy issued, and the case will probably be among those tried at the coming term of the Rock county circuit court.

Alleged Misrepresentation.

In March, 1897, William W. Raibe, of Milwaukee, arrived in the city and as agent for the New York Life he made a canvass of the city and finally interested Joseph M. Bostwick, the well known dry goods merchant. He induced Mr. Bostwick to take out a \$10,000 policy on his life.

According to the complaint the plaintiff alleges that Mr. Raibe misrepresented the facts in the case, saying that the policy would be fully paid up on making ten annual payments. He is also alleged to have misrepresented other provisions in the policy. After carrying the policy a short time Mr. Bostwick decided to drop it, and then demanded what he had paid as premiums, which amounted to \$1064.40. The company did not mind about canceling the policy, but refused to pay back any money paid in.

Others Are Interested.

Geo. S. Parker also took out a policy with the same agent for \$5,000, and now sues on the same ground for the recovery of \$144 premium money.

Rev. Arthur H. Barrington is interested in the action for the amount of \$195.50, which he claims to have paid in on a \$5000 policy.

The case will be bitterly contested, and the outcome will be watched with much interest by the general public. Fethers, Jeffris and Mount have been on while to represent the defendants, while Ruger, Norcross & Ruger will look after the interests of the plaintiffs.

Rev. Mr. Barrington and Mr. Parker have assigned their interests to Mr. Bostwick, and hence that gentleman is the only one appearing in the action.

CONFESSIO OF SCHOOL MEN

Janesville Interested in the Statement of Three Superintendents.

Janesville people will find good ideas in the "Confessions of Three School Superintendents," published in the Atlantic Monthly for November. The writer says:

As in most communities in the south and west, the prevailing sentiment regarding schools and school teaching here where I serve, is that the school room is a very proper place to pension such indigent gentlemen as are unable to do anything else. Teaching is regarded as a dignified calling for anybody in indigent circumstances who is unable to do any other work. This is generally the kind of applications one hears:

"M—I have a young friend who has been through the High school, whose father is dead and who is obliged to support her mother. She is a nice girl, and a good girl, and I want you to help me get her a school."

"Has she any preparation for teaching, ever been to a Normal School, or studied with reference to teaching?"

"Oh, no, but I think she will make you a good teacher, and I want you to give her a trial."

Such an argument does not convince the superintendent; but it is very persuasive with kind-hearted members of the Board of Education. So they come around and supplement the request for the young lady to have a fair trial at the examination. "Be easy on her for her father's sake."

CAMP IS NOW DESERTED

Soldiers Have Taken Their Departure from Jacksonville.

Capt. Rogers, of Beloit, who was transferred to the Second Division hospital at Jacksonville when his regiment, the First Wisconsin, started for home, is home on a brief visit. He expects to return for duty at Jacksonville during the next few days.

"Jacksonville is almost deserted now by soldiers," said Capt. Rogers yesterday. "All the regiments have been removed to Savannah and only a few remain at Camp Cuba Libre. The Second Division hospital is still there, but the sick are being sent home and to other hospitals just as fast as it is safe to move them. Maj. McDill, of Milwaukee, is in charge of the hospital and has become a very popular officer, not only at headquarters, but among the men. The health of the sick is much improved. The days are still very pleasant but the nights are a trifle cool and those ill in the tents must be covered up well to keep from freezing. Many of the serious fever patients have been sent to the Sternberger hospital at Savannah."

If the Baby Be Cutting Teeth.

Be sure and use the old and well tried remedy Mrs. Winslow's Soothing Syrup, for children's ailments. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

GREAT GAME LOOKED FOR Madison-Janesville Foot Ball Eleven Will Play After All

The foot ball game tomorrow will not be a high school contest. The Madison high school eleven are unable to qualify under the interscholastic rules, and will play several post graduates. The Janesville team will not enter as a school organization, and will play Miltimore, of last year's team, as full back in place of Carpenter.

The home team expect to line up as follows: Jerg, center; Atwood, right guard; Murwin, left guard; Nott, right tackle; Smith, left tackle; Bonesteel, right end; Carr, left end; Castford, right half; Pitcher, left half; Bump, quarter; and Miltimore, full back.

HENRY CRONKHITE DIES

An Old Resident of Janesville Passes Away Today.

Henry Cronkhite, an old resident of Janesville, died this morning at 11:30 o'clock, at the home of his daughter, Mrs. P. A. Grossbeck. He suffered a stroke of paralysis some eight days ago, and was 88 years of age. Besides a wife he leaves three daughters, Mrs. Parnella Grossbeck and Mrs. Mary Hill, of this city, and Mrs. Kingman, of Woodstock, Ill. Funeral services will be held at the home of Mrs. Grossbeck, 363 Glen street, Sunday afternoon at 2:30 o'clock. Rev. Walter A. Hall will officiate.

GAVE AN INTERESTING TALK

Miss Brehm, of Chicago, Lectured Along Parliamentary Lines.

Miss Marie C. Brehm, of Chicago, who is a noted worker in the interest of the W. C. T. U., arrived in the city this morning, and this afternoon delivered an interesting lecture at the Y. M. C. A. building. The talk this afternoon was along parliamentary lines, and was for ladies only. There was a goodly number in attendance, and the lecture proved an interesting one.

This evening Miss Brehm will lecture to the public and should be greeted by a large audience.

TOBACCO MARKET QUIET THESE DAYS

MOST SAMPLE ORDERS HAVE BEEN FILLED.

Several Hundred Cases Have Been Contracted For in Some Instances—Good Sized Storage Shipment—Indications Do Not Promise General Movement—Few Dealers Riding.

To outward appearances the local tobacco market furnishes scarcely anything of a newsworthy nature. None of the dealers are now riding for the new crop from this point nor can we learn that buyers are operating extensively in other sections. In spite of the apparent inactivity, says the Wisconsin Tobacco Reporter, quite a little of the new crop has been moving in some of the outside localities of late. The Rio section has been the field where recent buying is most extensive and reports reach us indirectly that several hundred cases have been contracted for at prices ranging from 6 to 7 cents. Most of the orders for sample packings have doubtless now been filled and outside of a few dealers looking for choice selections buyers will not be found riding much at present if we may judge from what they say of their actions. The indications certainly do not promise a general movement of the crop. The only sale of importance of old leaf reaching us is a 500cs lot of '97 by Andrew Jensen.

The shipments from storage reach a total of 17 car loads, 875cs to all points from this station for the week. Since last report about 1700cs cigar leaf were exported from New York.

The Farm and Home in this week's issue says:

Shipments are rather liberal to all points, indicating a growing demand for old goods. Samples of all grades are being shipped to many points and they are giving very good satisfaction, in nearly every instance. Dealers are hopeful of a fairly good trade this winter, stating that many good signs point in that direction.

We have not learned of any purchases of '98 since our last report, but understand some purchases have been made in northern Dane county at from 5 to 7 cents. The buying is done in a quiet way, the buyers requesting the farmers to keep the price a secret. This makes it hard to get prices paid to farmers. The purchases so far have been choice lots outside the bail districts.

The Royal Neighbors will entertain the Evansville Camp at their next meeting.

ELECTION NOTICE.

TO THE ELECTORS OF ROCK COUNTY:

OFFICE OF COUNTY CLERK.
October 31st, 1898,

Notice is hereby given that a general election is to be held in the several towns, wards and election precincts in the county of Rock on the eighth day of November, 1898, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose names have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation each in its proper column, and the questions submitted to a vote are stated below:

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot the voter must retire, alone, to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. (If it be a general election these words are to follow: The voter, if he wishes to vote for all the candidates nominated by any party, should make a cross mark, X, under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked and having no other mark, will be counted for all the candidates of that party in the column underneath, unless the names of some of the candidates have been erased, or a cross mark be placed opposite the name or names of candidates in another column, and will be counted for all names written in lieu of one erased. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark, X, after the name of each candidate he desires to vote for.) If he wishes to vote for a person for a certain office whose name is not on the ballot he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes time is allowed in booth to mark ballot. Unofficial ballots or memorandum, to assist the voter in marking his ballot, can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability, he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter, and if he declares that he is totally blind he may be assisted by any person chosen by him from among the legal voters of the voters of the county. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are, for example, as follows:

The Great November Opening Sale Commenced Last Saturday; Ends Saturday Evening, November 5th.

We have offered Henry W. King & Co.'s goods at special sales but the one now in progress excels all our efforts thus far. Henry W. King & Co. are going out of business, as you already know, and are letting out their immense stock at a loss—in fact, Henry W. King & Co. stand all the loss. This week we have been giving extra inducements on the already low prices; many people have taken advantage. The goods are exactly as represented in every particular and are the greatest clothing bargains ever shown by any store in Southern Wisconsin. If you would take advantage of a good thing come in before Saturday night and secure some of the articles we offer. You cannot form a good idea without actually looking through the stock.

At \$2.98 we will offer men's dark checks, brown plain Cheviot suits. These suits cost Henry W. King & Co., over \$4 to manufacture; \$5 would be a low retail price. During this sale.....
